

NYX CCTV App — Superlive Plus

Downloading the app & adding your device — step-by-step

Follow these steps to install **Superlive Plus** and connect it to your NVR (recorder). Once it's set up you'll be able to view your cameras from your phone.

- 1 Download Superlive Plus App**
Search for and install **Superlive Plus** from the App Store or Google Play.
- 2 Open the app**
 - **Account Mode** — SKIP
 - **Sync Devices** — SKIP
 - **Share Your Devices** — START
- 3 Allow Wifi access**
Tap **Allow** when the app asks to access your Wi-Fi.
- 4 Allow notifications**
Tap **Allow** when the app asks to send you notifications.
- 5  Click > Top Left icon**
- 6  Click > Not Logged in**
- 7 Login > use your personal credentials**
 - Enter your **Username & Password**.
 - Verify your account with the email that will be sent.
- 8  Click > Top Right icon > Allow**
- 9 Scan the QR Code**
This can be found on the front of your **NVR (recorder)**.
- 10 Give the device a name**
For example, **HOME** or **OFFICE**.
- 11 Enter the Device Username & Password**
These are the **device credentials** that were set up with the technician at the time of installation.
- 12 Save**
Tap **Save** to finish. Your device is now added and ready to view.

Sharing your system with others

This can be done by sharing the QR Code of your device with others who have the Superlive Plus App. The QR Code can be found in the app by tapping **Device List** > the **QR Code icon**.
